

Newsletter Metsäranta

#18

August 2, 2021

Dear ,

Hereby the 18th Newsletter.

You are receiving this Newsletter because you have registered for it or because you have previously booked with us. You can unsubscribe at the end of this Newsletter.

In this edition:

• • •

- ☞ Welcome (new) Newsletter readers;
- ☞ New boat;
- ☞ New wifi booster;
- ☞ Dry spring, small blueberries;
- ☞ Fire pit;
- ☞ Suggestions from guests;
- ☞ Season 2022;
- ☞ Book without risk.

☞ - Welcome (new) Newsletter readers - ☞

A special welcome to our new subscribers!

It has been some time since the last Newsletter was published. The reason is that there was a lot to do around the cottage. We have already had many guests, more than last year and that while there were still corona restrictions. Not so much in Finland, where the number of infections is still very low.

There were guests from Finland, Belgium, Germany and the Netherlands. Beautiful reviews*) have been received again and we now have a 4.7 out of 5 stars after 18 reviews. I think it's a great result, but I will continue to strive for optimal service and an unforgettable holiday for you as my guests.

I wish you a very nice late summer.

Best regards,

Han van de Graaf

☞ - New boat - ☞

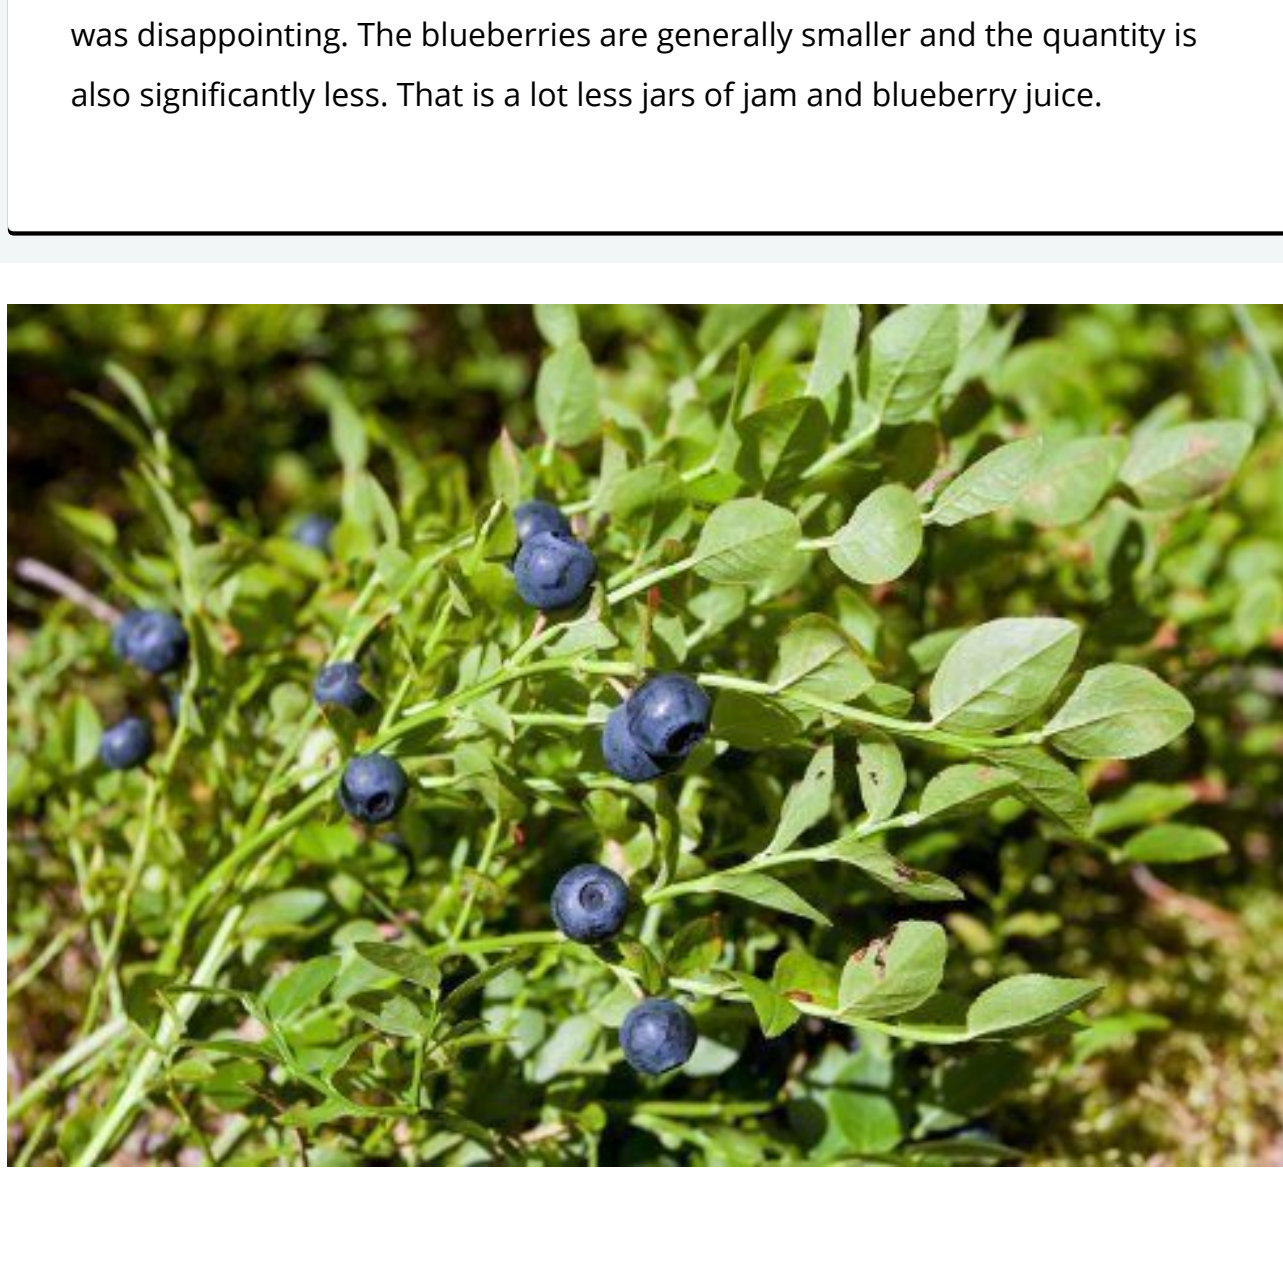

After the thick snow layer melted from last winter, it turned out that the great pressure of the snow had pushed the boat through a support. Result, a large hole in the side of the boat.

At first it was thought that the hole could be repaired, but that turned out not to be possible.

So we had to quickly look for an alternative, while waiting for the first guests. It was found pretty quickly. The new boat, comparable to the old one, was even brought and the old leaky boat was taken away immediately.

That saved a lot of work.

The first guests could therefore make full use of it and make beautiful trips across the lake.

☞ - New wifi booster - ☞

A new Wifi booster was installed in the spring to improve the range in and around the cottage.

That has been a success. Guests were positive about the WiFi range.

☞ - Dry spring, small blueberries ☞

Last year we had a rich harvest of blueberries. Due to the dry spring and the extremely high temperatures (up to 32 degrees Celsius), the harvest this year was disappointing. The blueberries are generally smaller and the quantity is also significantly less. That is a lot less jars of jam and blueberry juice.

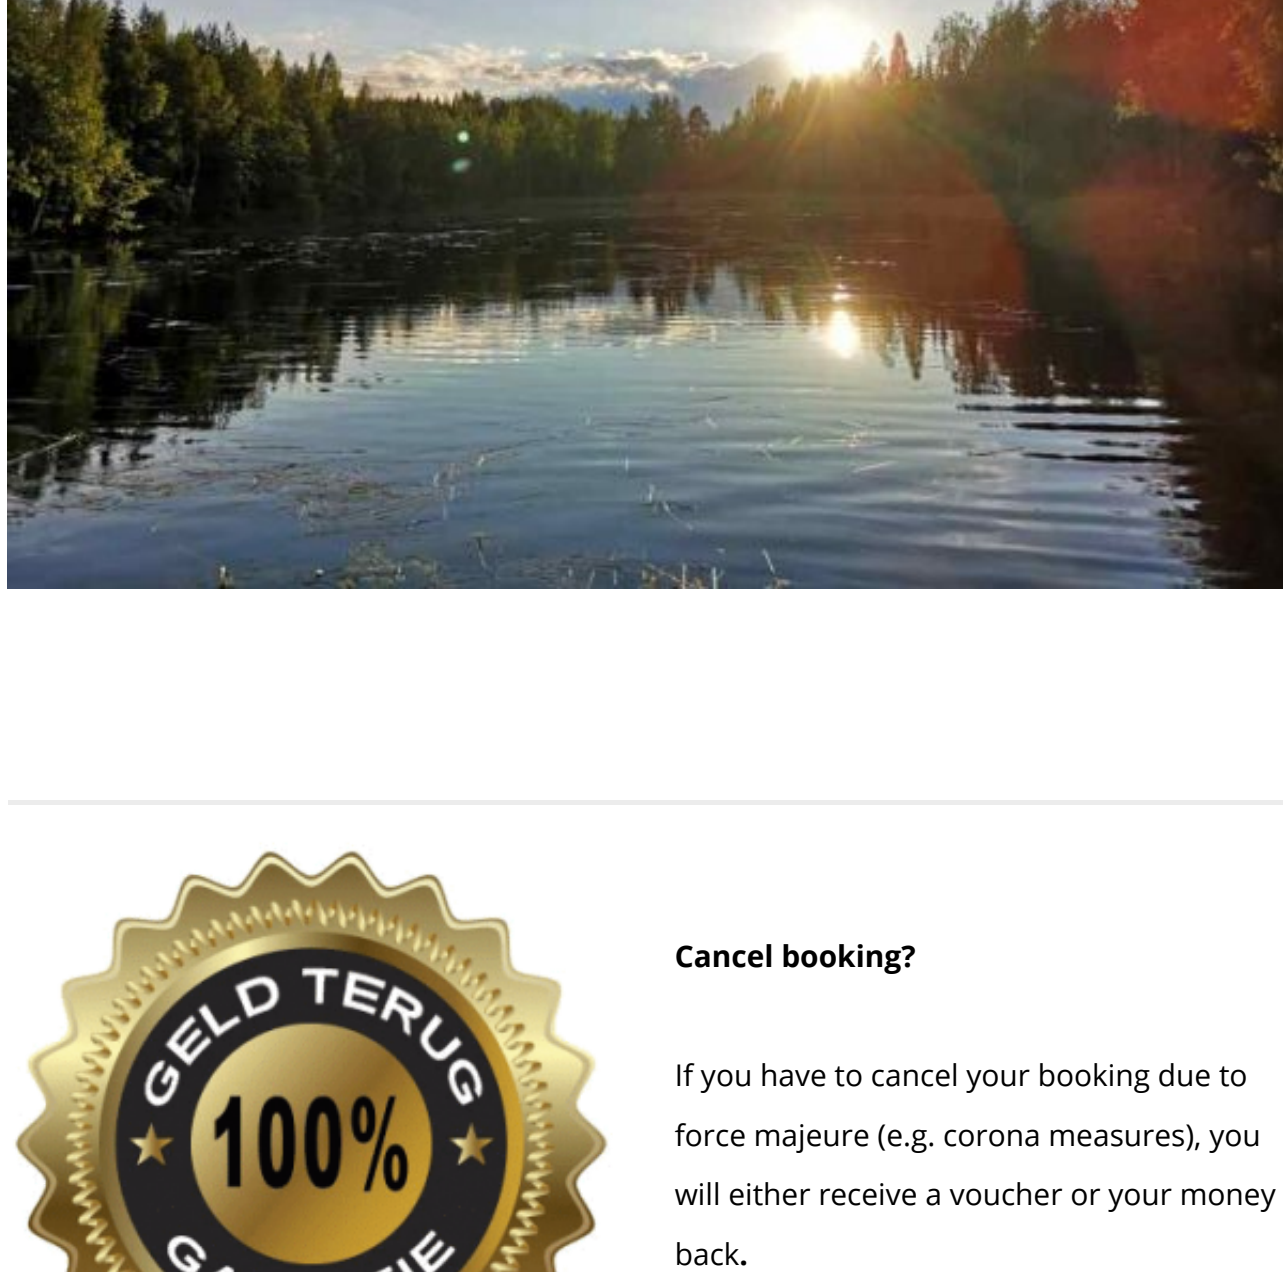

☞ - Fireplace ☞

A fire pit was already there, but not so pretty.

There is now a fire pit within boulders, where a cozy fire can be lit in the evening.

Two birch trunks have now also been placed as benches.

Romantic to be able to talk to each other there late at night while enjoying a glass.

☞ - Suggestions from guests ☞

At the end of a stay, guests are always asked to fill out an evaluation form with space for suggestions.

Following these suggestions, the necessary improvements have already been made to the cottage. So there have been trays, breakfast plates and now ... yogurt/soup bowls. I am grateful to the guests for these suggestions, it only gets better!

☞ - Season 2022 ☞

I can look forward to a growing interest in the cottage.

In principle, the entire month of June 2022 is already fully booked. These early bookers were on the safe side.

For those who are definitely planning to come, I recommend booking now. Bookings made now can still be changed, so you don't run any risk. They also do not have to be paid (in advance). And . . . there is always the **'money back guarantee'**, in case you have already booked and paid and you can't come for compelling reasons.

So: Tervetuloa! (Welcomel) [Book here](#)

Suomi: [Varaa tästä](#)

Cancel booking?

If you have to cancel your booking due to force majeure (e.g. corona measures), you will either receive a voucher or your money back.

Guaranteed!

So you don't have any risk.

Untill the next Newsletter

With kind regards,

Han van de Graaf
